

The DHK Eduserve Awards Night

The Eduserve Confluence on 25th March was a glittering evening with impressive performances by Sunbeam Students. The Chief Guest in the Eduserve Confluence was Mr Ashok Pandey, Principal, Ahlcon International School, Delhi. Mr Ashok Pandey has been working in the School sector for the past three decades. He served as Chairman, National Progressive Schools' Conference. He is author of several articles, projects and research papers. His educational travelogue – The Pedagogical Life – Essays in Educating India, was published in 2017. His next book Launch your Principal Leadership is under publication.

The Schools compete with one another for the different awards. The schools are awarded in different categories. The best annual function was won by Sunbeam School, Narayanpur. The most promising sunbeam school was won by Ghazipur. Sunbeam Ballia won for best kept accounts, Sunbeam Mau for best use of Technology, Sunbeam Faizabad won the prize for the best progressive vision. Mrs Sharanjit Kaur, Principal, Sunbeam Sultanpur won the award for the most active Principal.

Teachers' Training

The much awaited Eduserve Training and Confluence was conducted in the month of March 2019 in Sunbeam Lahartara campus. Almost 300 teachers across Sunbeam Schools had participated in the 4 day training sessions. The teachers across Sunbeam Schools wait eagerly for this training which gives them an opportunity to analyse themselves and areas they need to improve on. It gives them time to introspect and also to hone their teaching skills as per requirement of the present times. Highly qualified Educators from different parts of India were facilitators in the training sessions. Some of them like Ms Anahita Lee, Ms Sonali Bhattacharya, Ms Rupa Dhawan, Ms Shriparna, Ms Rohini Bhatt, Mr Shree Hari Kulur, Mr Rama Krishna Adhuri and Mr Dheeraj Bhatia are highly acclaimed names in education world.

ADVENTURE CAMP BY ALTITUDE EXPEDITION

Sunbeams of Annapurna, Lahartara and Varuna de-stressed after the final examinations by participating in Adventure based leadership camp conducted by Altitudes Expedition at Varuna campus. The camp exposed campers to a variety of challenging and exciting activities. This camp helped students to develop basic athletic skills such as balancing and co-ordination, pathway and direction in every child as well as it gave them an opportunity to use their bodily intelligence and enjoy their adventurous nature.

The students were full of zeal and enthusiasm during the camp. They energetically completed the activities and showed lot of excitement for zorbing and rope ladder climbing. They managed to cross the Burma Bridge quite confidently. All those participated in the camp were awarded certificates of participation by the school and the professional partner.

WARMING UP SESSIONS

The two day welcome session for the new Sunbeams witnessed happy yet anxious faces excited for the first day of the school. The new parents were welcomed and encouraged to allow their kids to speak and to be patient with their child's learning journey and to be completely involved in the learning process of their child. Parents along with their children went to their respective rooms with the student volunteers. Parents and children were happily involved in class activities like Edutainment, puppet show and parachute game as they saw their new class, met new teachers and got acquainted with their school. The way Sunbeam makes a new parent comfortable is reflected as the parents confided their views to the management by quoting that **“the culture that Sunbeam provides makes us confident that our child will be happy going to school”**.

“GOOGLE FOR EDUCATION” SESSION FOR TEACHERS

A session on “Google for Education” was conducted by Ms Sunit Kaur at Sunbeam School Varuna. She emphasized and scintillated the gross outputs of the collaborative and dynamic temper of Google for Education. As a tool to be engaged in the class she made the teachers engrossed into many digital activities which made them entangled throughout rather than getting disparaged. She spread the awareness of the stereotype methods of learning over the concurrent mode of “google for Education”
